OUR STORY

KDU Group proudly claims a history of more than three decades of tea production, producing matchless high quality and high standard tea at the world's largest black tea production factories. Our teas are blended and perfected to induce distinctive flavours that will take you on a journey of discovery. Indulge in a bouquet of traditional aromas, blended with our round-bodied black tea or pure green tea. A deep, long inhale of our rich ingredients will enhance the flavour on your palate, showcasing even the subtlest characteristics. Delicately crafted by our professional tea tasters, one sip is all it takes to understand what sets this range apart.

KDU GROUP

The illustrious history of the KDU Group extends to the early 1950's when our Founding Father, Mr. K.D. Upasena embarked upon a small scale vegetable distribution business in Bandarawela. This was later followed by his venture into the illustrious business of river gemming and subsequently, his involvement in the tea industry, which to this day, remains at the core of our business. Consisting of 15 thriving subsidiaries, including Tea Factories, Leisure Management, Exports, Real Estate, Petroleum and a Hydro Power Plant, the KDU Group is one of the most successful family owned conglomerates in Sri Lanka. With some of the largest cutting-edge factories situated around the country, we are now a leading tea manufacturer and exporter.
